## UAE Mainland Business Setup

A business entity registered under the Emirates government and its authorities are known as a mainland company. An expat can own 49% of shares in their company for business setup in mainland Dubai. A local sponsor must be appointed who will own the majority of shares.

## Set Up a Free Zone Company in the UAE

Free zones in Dubai are the most sought-after locations for international business operations. They attract foreign direct investment due to their policies that generate employment while supporting economic reforms. Free zone company registration Dubai is a highly profitable investment option as a foreigner can have complete ownership of their business in any of the Dubai free zones. There is no need for appointment of local sponsor or a service agent.

## UAE – Offshore company formation

Many businesses prefer to set up an offshore company, also known as the non-resident company, in Dubai, as the income obtained from a holding company (offshore company) is not taxable. A full ownership is granted to an expat in offshore Dubai only if they have a business outside the UAE.
